Jennifer,
I am available most all of next week.
Just set up a time, and I will do my best to be there.
I will miss you Jennifer. You have been wonderful to work with. Best wishes on your new assignments.

Hi Art,
Hope you are doing well! We have shuffled some site RPM assignments in Region 10, and Smoky Canyon is being transferred to my coworker Lynne Hood. I am taking on a bigger role on Bunker Hill and picking up a GW site in OR. Lynne is based in the Boise office and is familiar with the active mining side of Smoky from prior NEPA reviews. We are still working out a transfer timeframe and follow up EPA comments from FSTM2. I would like to set up a short meeting though to introduce you both. Could you let me know your availability for next week, if that works?
Many thanks Art. I have enjoyed working on Smoky with you and chatting when we have had the chance.
Best,
Jennifer
